

EU CONEXUS

1st Research Workshop
in Agricultural University
of Athens

EU-CONEXUS Research Workshop June 1-2, 2022
Agricultural University of Athens, Greece
1-2 JUNE 2022

Dear Colleagues,

It is our honor to invite you to the **1st EU-CONEXUS physical Research Workshop**, which will be held in **Agricultural University of Athens, Greece, June 1-2, 2022** and organized by WP 4 Leader (AUA) in the framework of Erasmus+ EU-CONEXUS.

AUA will host the research workshop named: **“Perspectives in Smart Urban Coastal Sustainability Research”**, which will urge the researchers of EU-CONEXUS to accelerate research networking and interdisciplinary research in thematic fields of Smart Urban Coastal Sustainability within **four (4) Joint Research Institutes (JRIs) of the Alliance**.

The 1st physical workshop **“Perspectives in Smart Urban Coastal Sustainability Research”** is a major event focused on research development within the EU-CONEXUS Alliance community and will be based on existing structure of Joint Research Institutes. The workshop will be organized around introductory plenary sessions, parallel sessions and round tables.

The invited researchers will contribute to the creation of the EU-CONEXUS research network by presenting institutional profile and thematic investigations in the field of **“Smart Urban Coastal Sustainability - SmUCS”** while setting the scene for further development of key research topics, planning joint research and networking activities between EU-CONEXUS partners.

Thank you in advance for your participation and we look forward to seeing you soon.

Best regards,

Spyridon Kintzios
Rector of Agricultural University of Athens
