The deliverable nr. **D.7.1 Information package** consists of three outcomes (guidelines, brochure and professional presentation). All of them are public, available at [www.eu-conexus.eu](http://www.eu-conexus.eu).
Unique offers
Regarding to three different target groups: researchers, society and stakeholders, a useful set of links was collected concerning research, researchers’ career, environment, business cooperation, other project calls, open science and innovation management, etc.

You can find them online Research For Society - EU-CONEXUS, or see below.

Brochure

Overall image
General information on the project data, vision for the future, proposals for target audiences, project partners and coherence with EU-CONEXUS presented to public.

You can find it online Research For Society - EU-CONEXUS, or see below.
Research For Society

**PROJECT DATA:**
Funding Programme: HORIZON 2020 Programme – Science with and for Society

**START DATE:** 1 March 2021

**END DATE:** 29 February 2024

**OUR VISION FOR THE FUTURE:**
Within a three year award, RESEARCH FOR SOCIETY (RFS) will strengthen the EU-CONEXUS research approach into a fully fledged university service, equally covering research, education, and societal needs.

RFS researchers actively invite partnerships with coastal industries, businesses, and society actors to ensure the transfer of knowledge and the improvement of quality of life in and around coastal areas.

Across the nine EU-CONEXUS partner institutions, our researchers will be developing science and innovation into a hub of excellence on smart urban coastal sustainability, and in the process, creating an attractive career environment for our students.

**EU-CONEXUS RFS** supports challenge-based and interdisciplinary research collaboration across nine coasts for developing a sustainable natural, technical, economic, and cultural environment for society.

Professional presentation

Engage for networking
Valuable information regarding RFS project aim and partners, main data, objectives, research and activities to be achieved as well as beneficial information to stakeholders / socio-economic partners where each can bring use and join the RFS community.

You can find it online Project documents - EU-CONEXUS, or see below.
EU-CONEXUS: European University for Smart Urban Coastal Sustainability

One of the 17 first ‘Universities of the Future’

It is a transnational European higher education and research institution that covers the smart urban sustainable coastal development from a global point of view.

The EU-CONEXUS teaching, research and innovation programmes include the totality of social, economic, and environmental problems and opportunities that coastlines are facing today.
Towards Building The Future European University Alliance

Aims at a institutional transformation in all partner universities for creating a multidisciplinary, challenge-driven, internationally competitive research and innovation structure, relying on researchers who follows a career path, and who is open to qualitative new, participatory and innovative partnerships with industries and the civil society.
1. Interconnection of transformations will complete already engaged long-term vision for the European University.

2. Facilitating researchers’ mobility and access to multiple work environments will bring a new profile of European researchers to have more attitude on environmental issues.

3. Enabling public and intra-alliance access to information will increase exchanges, enable cooperation and co-creation, build inter-partner projects.

4. Sharing resources will bring lower costs, offer the opportunity to reach the ecological impact of multiple purchases and investments in new resources.

5. Training and exchanges with actors of the social and economic innovation system will enable to reduce challenges that coastal areas and cities are facing.

6. Understanding the specific challenges each university will harmonise practices and working conditions, making them fairer, more sustainable and more environmentally friendly.
A Hub of Excellence in Smart Urban Coastal Sustainability

4,000 Academic Staff
65 Research Institutes
98 Research Groups

- La Rochelle Université, France: A human-sized university specialising in Smart Urban Coastal Sustainability issues.
- Technical University of Civil Engineering of Bucharest, Romania: We build education in engineering since 1818 in Romania.
- Catholic University of Valencia, Spain: Professional and personal growth of students, staff and society.
- Agricultural University of Athens, Greece: Provides a high level of Education and Research since 1920.
- University of Zadar, Croatia: A space of creativity and transfer of new knowledge and technologies.
- Klaipeda University, Lithuania: A national and Baltic Region leader in the field of marine sciences.
- Waterford Institute of Technology: Education-focussed collaborative, inclusive, ethical and innovative community.
- The University of Rostock: University’s motto “Traditio und Innovatio”
- Frederick university: Assists students achieve the maximum of their potential and empowers them to have a positive impact to society.
Project title: EU-CONEXUS Research For Society

Acronym: EU-CONEXUS RFS

Funding Programme: HORIZON 2020 Programme – “Science with and for Society”

Start: 1st March, 2021

End: 29th February, 2024

Duration: 36 months

Total budget: 1,992,960 EUR

EU grant: 1,992,960 EUR
Institutional transformation at Alliance level

- Interdisciplinarity
- Innovative structure
- Joint science
- RESEARCH
- Transversal Skills
- European Research Area
- Innovation agenda
Developing Joint Science

Gender Equality & Non-discrimination

Open Science

Science to Business Cooperation

Innovative and Socially Responsible Management

RESEARCH FOR SOCIETY
Developing Joint Science

BY SHARING RESOURCES AND INFRASTRUCTURES

— A Joint Research Area in:
  — Life Sciences and Biotechnology
  — Environmental Sciences and Biodiversity
  — Coastal Engineering
  — Social Sciences, Culture and Human Sciences

— Development of joint research projects
— Wider training opportunities
— Access to 9 times more research infrastructures
— Reduce ecological impact, be more sustainable
Gender Equality & non-discrimination

PROMOTING EQUAL CAREER OPPORTUNITIES

- Comparing women/men working conditions for promoting equalitarian careers
- Developing a knowledge transfer and innovation management system for representing both genders equally
- Bringing a specific focus of an innovative mentorship programme
- Promoting gendered innovations
- Ensuring non-discrimination culture
Science & Business Cooperation

INDUSTRY ENGAGEMENT IN RESEARCH

- Engaging innovation ecosystem
- Expertise services to stakeholders
- Science commercialisation
- Knowledge transfer
- Innovation hub: advertising innovative solutions
OPENING SCIENCE FOR SOCIETY

- Increasing citizenship involvement
- Developing practices for society inclusiveness
- Increasing society’s knowledge on research results
- Enabling co-creation, co-development and reuse of knowledge and making it more reliable, effective and reasonable
- Creating an EU-CONEXUS Open Science platform
Innovative and Socially Responsible Management

CONTROL & RELY ON SUSTAINABLE RESEARCH COOPERATION

- Innovative practices in strategic development
- Socially responsible financial and administrative coordination
- Harmonized quality assurance and monitoring
- Coherence within European Research Area
EU-CONEXUS
RFS FOR

- Researchers / Future Researchers
- Students / Perspective Students
- Scientific Institutions
- Other European Universities
- Local, National, International Policy Makers
- Public Authorities
- EU Bodies
- Industries and Socio-Economic Partners
- Citizens & General Public
**Governance Structure**

**GOVERNING BOARD (GB)**
Take strategic decisions for both projects; composed of Rectors/Presidents of each university.

**RESEARCH COUNCIL (RC)**
Takes over the responsibilities of the Joint Research Steering Committee (Erasmus+) and supervises the RFS actions and the Erasmus+ WP4 actions, activities of WGs of both projects composed by Vice-rectors for Research.

**ACADEMIC COUNCIL (AC)**
Makes proposals on academic offers (also in relations with Research activities PhD to the GB is responsible for Erasmus+ WP2 actions; composed by Vice-rectors in Academic Affairs.

**RFS- MANAGEMENT BOARD (MB)**
For operational actions of both projects, composed by ED and representatives from all partner universities.

**RFS- WORKING GROUPS (WG)**

- **WP1** RFS Management Board (WG)
- **WP2** European Research Area (WG)
- **WP3** Joint Human Resources Unit (WP)
- **WP4** Research Infrastructure and Resources (WG)
- **WP5** Public and Corporate Relations Unit (WG)
- **WP6** Open and Participatory Science (WG)
- **WP7** Joint Communication Unit (WG)
Become a part of our community
