Core research infrastructure for networking within EU-CONEXUS Alliance

- Research laboratories and new Biomedicine laboratories
- Hospital diagnostic laboratories. Microbiology
- Marine station in Calpe
- *Campus Capacitas*. Rented housing
- Advanced clinical simulation hospital
- Veterinary Hospital
- High performance sports center

Core research infrastructure for networking within EU-CONEXUS Alliance

Next steps

Key interests:

- Participate in scientific dissemination projects.
- Try to organize workshops with the countries of the consortium
- Try to promote pre and postdoctoral stays and cotutelle in Ph studies
- Promote conferences on gender equality in research
- Carry out the GAP analysis of the UCV
- Draft the action plan for the HRS4R label. Supporting the OTM-R and RRI principles
- Areas of focus: Medicine, Veterinary Medicine, Biotechnology, Marine Sciences, Humanities and Digital Humanities (Interuniversity PhD studies)
