The city of Valencia

Valencia is the country's third largest city and has a heritage, culture and nightlife to rival the best cities in Europe. Valencia is very proud of its dedication to forward thinking architecture and cultural projects. The world famous City of Arts And Sciences is a cultural center stretching over 2 km and made up of buildings and open spaces that look like they are straight out of a science fiction film.

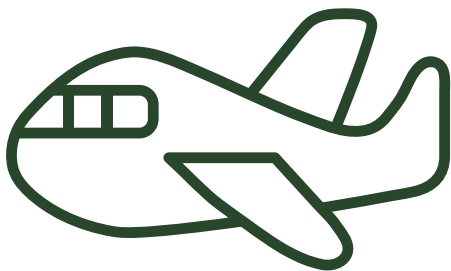

The city is also a great place to head to if you fancy relaxing in the outdoors. Not only does it boast 13 km of golden sandy beaches, but there are also parks and gardens throughout the city offering tranquility and beauty. So, this is Valencia, one of Spain's most welcoming cities.
