

	Implementation schedule	Physically/remotely	Workload (hours) On site or remotely	Learning outcomes
Activity 1	Introduction to pot experiments in greenhouse using recycling fertilizers, software for literature search and data analysis	Physically	20	Knowledge on the software Zotero, R and RStudio. Skills and knowledge in conducting pot experiments with fertilizers.
Activity 2	Laboratory work, measurements of N- and P- content in plant material	Physically	20	Knowledge and skills of laboratory approaches for determination of N- and P- content in plant material
Activity 3	Data analysis and visualization	Physically	20	Knowledge of data analysis and data visualization via software R and RStudio
Activity 4	Writing report / thesis	Physically	20	Enhanced proficiency in scientific writing
Activity 5	Presentation	Physically	20	Enhanced proficiency in oral presentation and communication
