

Teaching Staff Survey 2022-23

Number of answers: 7
Participation rate: 77,78%

JOINT MASTER PROGRAMME IN MARINE BIOTECHNOLOGY (JMPMB)

1. The information published on the website about the JMPMB is useful.
2. The syllabus of the JMPMB has an orderly and logical structure.
3. I am clear about the objectives to be achieved by the student on the JMPMB (graduate profile).
4. Coordination between the lecturers of the courses in the JMPMB is adequate (no repetition of content, no excessive simultaneous workloads between different subjects, etc.).
5. I participate in JMPMB coordination meetings and activities.
6. The organisation of the groups and the timetable distribution of the courses is adequate.
7. The semester and yearly sequencing of the courses is appropriate for the student.
8. The real time to develop the contents of the courses I teach in the JMPMB is adequate.
9. The student/teacher ratio favours the correct functioning of the teaching methodology I use in the JMPMB.
10. The technologies available for teaching on the course are useful (EU-CONEXUS Moodle, MS teams, internet from the classroom, projectors, etc.)
11. The facilities and equipment of the centre for the correct functioning of the JMPMB are adequate (classrooms, laboratories, special equipment, etc.)
12. The library(s) collection(s) covers the academic needs of the students of the JMPMB.
13. In general, I am satisfied with the training and improvement activities of the teaching staff.
14. In general, I am satisfied with the mobility programme of the JMPMB.
15. In general, I am satisfied with the results achieved by the students in the courses I teach in the JMPMB.
16. In general, I am satisfied with the organisation and implementation of the JMPMB.
